Foundation for Carriacou & Petite Martinique Development 2009 Annual Report

As we evaluate our accomplishments, we are even more excited to take the Foundation to the next level and focus on our **Music Academy and Cultural Center** in Carriacou. FCPMD's work supports programs that include Children's Assistance & Development (CAD), Scholarships, Food distribution, Medical Assistance and the construction of our **Music Academy & Cultural Center**. Some of our accomplishments are:

- Legal status as a tax exempt (501©3) organization in the USA
- Our annual **Children's Christmas Treat**
- Medical assistance to families
- Community participation in the USA, Canada, UK and Grenada, C/cou & Petite Martinique
- Cash DONATION amounted to 87% of total cash raised in NY.
- The unveiling and inauguration of the first instruments in August '10 " Sounds of the Drums"
- Working with government to identify a location for the **Music Academy & Cultural Center**

We feel that our Center will be a tribute to our ancestors, and important to revitalizing and enhancing our cultural framework. The facility will provide the infrastructure to:

- Attract professionals (expatriates and others) to give of their time and talent to help our youths develop their full potential.
- Provide a venue for entertainment where talents can be expressed while building on our local culture.

Once again, this volunteer, community foundation is very excited as our various communities broaden their awareness and vision of the **big picture** as promoted by **FCPMD**.

Our Founding Principles: Honesty, Integrity, Transparency and Nonpolitical in fact and appearance

Working Together – what do we really mean ?

We are introducing a concept that is new to our community. This may be best explained by an example. For our annual Children's Christmas Treat, community members – venue owners, musicians, DJ's , radio stations, entertainers, teachers, students, carpenters, dressmakers, truckers, boatmen, cooks, businesses and supporters donated the following: venue, music, airtime, entertainment, time, food, money and toys to make that program a success. Moreover, community members worked both at home and abroad towards **One Common Goal**. This is truly a community **actively working together**, and is maximizing benefits such as team work, efficiency, and the building of **quality** relationships.

Working together through **quality relationships**
